January 26
February 23
March 22

NEW flea-mail

Please sign-up for our new online newsletter "flea-mail". This will get news to you faster and more often. Please sign-up at our website on the 'events' page.

Join NASF

Please join NASF and participate in this historic and rewarding project. Join the fun and challenges of an organization growing and evolving into a long term supporting agent of our local animal shelter.

Thank you for your long-term support!

GROUNDBREAKING!!!

Remember this picture from September 19, 2009 caption: The community celebrated groundbreaking of the new Newberg Animal Shelter.

We're finally on the road to construction and moving forward. The permits are finalized and construction will begin by LCG Pence when the weather permits. Hopefully some construction can begin during the winter months.

LCG Pence will build the core of the building (roof, walls, concrete floor, plumbing and electrical basics). The building will not be ready for animals to occupy until NASF installs the kennels and completes some of the finish work. NASF will be finishing the building in phases. If you have materials or labor to donate, please contact Rick Lipinski at 503-538-2449 or rick@ribarconstruction.com. Please sign-up for 'flea-mail' to get the latest construction news.

Tax-deductible donations can be made on-line or by mail. See our website for links to PayPal or donate through *Give Now* or *Just Give* charitable organizations. A donation form is enclosed for your convenience. **THANK YOU!**
